PROFESSIONAL SUMMARY

Results-driven 4th-year Computer Science student at Laguna State Polytechnic University specializing in Computer Vision, AI/ML development, and Robotics. Creator of SentiVision (real-time emotion analysis from CCTV using YOLOv8) and a Fire Alarm CV system using YOLOv12. Published a 10,000+ image Face Emotion Detection dataset on Roboflow. Skilled PC technician offering OS installation, SSD upgrades, remote support, and hardware repairs. Active tech vlogger sharing builds and fixes on Facebook.

TECHNICAL SKILLS

Programming Languages: Python, JavaScript, C++ (Arduino)

AI / ML & Computer Vision: YOLOv8, YOLOv12, TensorFlow, OpenCV, Roboflow, Flask

Embedded Systems & Robotics: ESP32, Arduino, RemoteXY, Ultrasonic Sensors

Web & Data: HTML, CSS, JavaScript, Chart.js, SQLite, Git, GitHub

Basic Computer Troubleshooting Skills: OS Installation (Windows 7/10/11, Ubuntu, Linux Mint), OS Cloning, SSD/RAM Upgrade, Malware Removal, Data Recovery, Driver & Software Install, TeamViewer Remote Support

Tools & Platforms: Roboflow, GitHub, TeamViewer, RTSP Cameras

Soft Skills: Time Management, Leadership, Communication, Fast Learner, Social Media Marketing, AI Literacy

FEATURED PROJECTS

SentiVision — Emotion & Sentiment Analysis System | Python, Flask, YOLOv8, RTSP, Chart.js, SQLite2025

- Built a web-based real-time emotion detection system using CCTV feeds from restaurants in Pila, Laguna.
- Integrated custom Roboflow dataset detecting 8+ facial emotions with live dashboard charts and PDF reports.
- Tech stack: Flask, YOLOv8, RTSP streaming, Chart.js, SQLite — github.com/iicellxx/SentiVision

Fire Alarm System CV — Real-Time Fire & Smoke Detection | Python, Flask, YOLOv12, OpenCV, SQLite2025

- Developed an AI-powered safety monitoring system using YOLOv12 for 24/7 fire and smoke detection.
- Features live RTSP camera feeds, instant audio/visual alerts, detection charts, and database reporting.
- Deployed at Laguna State Polytechnic University — Sta. Cruz Campus.
- github.com/iicellxx/Fire-Alarm-System-Computer-Vision

SiclonCyberBot — WiFi-Controlled Robot | C++, ESP32, Arduino, RemoteXY 2025

- Designed and built a 2WD WiFi-controlled robot with ESP32, RemoteXY app interface, and ultrasonic obstacle detection.
- github.com/iicellxx/ESP32-Activity-Progress

PUBLISHED DATASET

Face Emotion Detection Dataset

- 10,000+ annotated images of real-world facial expressions across 7+ emotion classes (happy, sad, angry, neutral, etc.).
- Compatible with YOLOv8 and TensorFlow; achieves mAP@0.5 > 0.85.

- Published on Roboflow — app.roboflow.com/cell-jff2n/face-emotion-detection-by-cel-rick-almario-zemk5/models

WORK EXPERIENCE

Student Library Assistant | LSPU — Sta. Cruz Campus *Aug 2025 – Jan 2026*

- Digitized and encoded thesis CDs into the library's cataloging system, improving data accessibility.
- Organized and maintained theses, books, and reference materials for a well-structured collection.

Production Crew Member | McDonald's, Sta. Cruz *Aug 2022 – Jan 2023*

- Prepared food items to McDonald's quality and safety specifications under time pressure.
- Recognized as Station Champion — Chicken Expert (September 2022).

Remote IT Support Technician — TeamViewer | Self-Employed (Freelance)

- Delivered remote technical support to clients via TeamViewer QuickSupport.
- Guided users through software installation, configuration, and troubleshooting.

CERTIFICATIONS & ACHIEVEMENTS

- **Introduction to Extended Reality** — DICT Region X | Nov 18, 2025
- **Data Privacy Awareness** — DICT Region X | Nov 17, 2025
- **CCS Robotics Competition** — CCS Department — LSPU | July 30, 2025
- **Usage of AI in Higher Education for Faculty and Students** — Manila Central University | March 2025
- **AI Translations: Current Trends in AI Translation for Linguistic Accuracy and Cross-Language Communication** — University of San Jose-Recoletos | March 2025
- **Boto Mo Kinabukasan Mo** — Aidan Kurt Orig | April 2025
- **ROTC Summer Camp Training MS 3 CY 2023** — 4RCDG | July 2023
- **Advance ROTC Academic Phase Training MS 31-32 CY 2023** — 4RCDG | July 2023
- **Dugong Kapiyu Blood Donation Service** — Philippine Red Cross
- **Station Champion — Chicken Expert** — McDonald's Sta. Cruz | September 2022

EDUCATION

Bachelor of Science in Computer Science | Laguna State Polytechnic University *2022 – Present (4th Year)*

- 4th Year Representative, Society of Computer and Communications Students (SOCCS).
- 3rd Year Representative, Society of Computer and Communications Students (SOCCS).
- Completed Advanced ROTC Training Corps.

LANGUAGES

English (Professional Working Proficiency) **Filipino** (Native)
